For the Urgent Attention: Mr. Sydney Mudau

Dear Mr. Mudau

SUSPENSION OF ACCREDITATION: ACC/2008/07/235

This letter serves to confirm our meeting discussion held on the 21st January 2013. Subsequent to this meeting I had further discussions with members the ETQA Committee and we felt it prudent to suspend the Accreditation awarded to **UHONE EDUCATION AND TRAINING DEVELOPMENT AGENCY** by the MICT Seta, effective immediately.

Your Accreditation with the MICT Seta is suspended because of the recent confirmed allegations levied against you by **Ms Maria Moloko Mokubedi** (the complainant) that you fraudulently issued her with a certificate for one of the MICT Seta Qualifications viz: **End User Computing** knowing fully well that she did not undergo any training and also the improper use of the MICT (ISETT SETA) logo.

Additionally, by assigning yourself the title of Director of your Company, you poised yourself as an officer of your company with the capability of making certain decisions that were not becoming of the person in your position.

Please be advised that this suspension will also be published on our website.

Sincerely,

CHARLTON PHILISO

SENIOR MANAGER: ETQA
